Even More Scientifically-Proven Holiday Fun!

Science After Dark

Friday, Dec. 15, 5 pm – 8 pm

The Dome feature is “A Christmas Story” and we’re breaking out eye-themed science fun in honor of Ralphie’s epic shot. What’s not to love?

Fruitcake Science

Tuesday, Dec. 26 – Saturday, Dec. 30

School’s out. Better head to the Museum to see experiments on everyone’s least favorite holiday treat, the fruitcake! We’ll burn, drop and freeze fruitcakes – in the name of science, of course.

Noon Year’s Eve

Sunday, Dec. 30, 10 am – 1 pm

For those who can’t make it until midnight. Ring in the New Year early with live science demonstrations, noisemaker stations and a special toast as we count down to noon.

For more information, visit smv.org/holidays.

SPECIAL THANKS TO OUR PREMIER PARTNERS:
